HOW TO RECIEVE A SHIPMENT OF "A-Series" Mid Roof and Sidewall Decks and Roof Stairs.

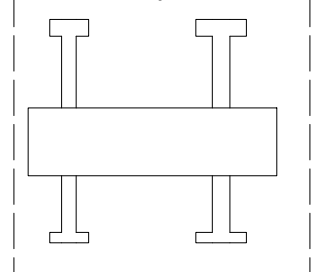

1. Unload like parts in like piles.
2. Locate Instructions on outside of box.
3. Unstack skids from boxes in rows for easy access
4. Pre-Assemble on saw horses if possible.
5. Build each stair module as they are unbanded to avoid losing or mismatching parts

Depending on the size of the project, there may be more or less skids and boxes.
